Emerging Front-End Developer and AI Engineer

PROFESSIONAL SUMMARY

Front-End Developer and Integration Engineer with hands-on experience in building responsive web platforms, integrating front-end applications with backend services, and developing secure digital systems for academic and institutional environments. Skilled in React.js, JavaScript, system integration, and UI performance optimization. Proven leadership through academic and social service initiatives.

EDUCATION

Velammal Engineering College

2023 – Present

Bachelor of Technology in Artificial Intelligence and Data Science

Velammal Vidhyashram – 87%

2022 – 2023

SKILLS

Programming Languages: Python, C (Basic)

Frameworks & Libraries: React.js, Tailwind CSS

Development Tools: HTML, GitHub, Version Control, API Integration

Soft Skill: Team Leadership, Problem Solving, Public Speaking

TRAINING EXPERIENCE

WebOps Team, Velammal Engineering College

2025 – 2026

- Developed and deployed responsive web interfaces using HTML, CSS, JavaScript, React.js, and Tailwind CSS for institutional platforms
- Integrated front-end applications with backend services to ensure secure data flow, session handling, and performance optimization

Front End Developer and AI Agent Tester, Saasence IT Solution

June 2026 – Present

- Developed an AI-powered Resume Competency Verification System using React.js, Node.js, Express.js, MongoDB, and Gemini AI for resume parsing, AI interviews, and competency assessment.
- Built role-based dashboards with secure authentication, analytics, performance reports, and PDF generation to streamline the recruitment process.

PROJECTS

Emotional Plant Pot – An IOT Based Plantation Learning System

- Developed an IoT-based smart plant system using sensors to monitor soil moisture and environmental conditions in real time.
- Implemented an intuitive emotion-based visual interface (happy/sad/thirsty) to simplify plant care and promote user engagement without relying on mobile apps

Emotional Detector for Children

- Developed a Python-based facial emotion recognition system for real-time classification and analysis
- Designed a front-end dashboard for visualizing emotional data and generating user reports

LEADERSHIP & CO-CURRICULAR ACTIVITIES

Youth Red Cross – Velammal Engineering College

- Chairman - Oversee event planning, coordination for social initiatives 2025-Present
- Joint Secretary - Managed documentation, volunteer coordination, and logistics for college-wide social service programs 2024 – 2025
